Portfolio

PROFESSIONAL SUMMARY

Aspiring Software Engineer with practical experience gained through internships and academic projects in web application development. Skilled in Python, Java, Flask, React.js, Git, and REST APIs, with a solid understanding of software development principles. Eager to apply technical knowledge, collaborate with development teams, and deliver high-quality software solutions.

EDUCATION

B.E. Computer Science and Engineering

Expected May 2027

M. Kumarasamy College of Engineering

CGPA: 7.34/10

Higher Secondary Education

2023

Little Angels Matric Higher Secondary School, Namakkal

Grade: 78.6%

SKILLS

Technical Skills

Java • HTML5 • CSS3 • JavaScript (React.js, AngularJS) • Flask • REST API

Tools / Technologies

GitHub • Postman • Trello • WEKA

Soft skills

Communication • Problem Solving • Adaptability • Time Management

PROJECTS

Smart Security Tag System

Feb 2026 – Jun 2026

GitHub

- Built a prototype theft detection system using embedded logic and alert mechanisms.
- Implemented real-time alert triggering and monitoring workflow.

Retail Chain Inventory Tracker

Jul 2025 – Dec 2025

GitHub

- Built a Flask-based inventory system with SQLite for multi-outlet stock management.
- Implemented authentication using Werkzeug and dynamic UI with Jinja2.
- Designed CRUD operations and database schema for product and supplier data.

Sports Tournament Management System

Jan 2025 – May 2025

GitHub

- Developed a Flask-based system to manage teams, matches, and tournament scheduling.
- Implemented authentication and real-time data rendering using Jinja2.
- Designed database schema for match tracking and tournament progression.

EXPERIENCE

Full Stack Developer Intern

Mar 2026 – Jun 2026

MoviCloud Labs Pvt. Ltd.

- Contributed to the development and maintenance of web application features.
- Worked with frontend and backend technologies to implement business requirements.
- Collaborated with the development team to debug issues, test functionality, and improve application performance.

Full Stack Developer Intern

Jun 2025 – Jul 2025

AerixNova Technologies Pvt Ltd

- Developed a responsive dashboard interface using ShadCN UI with secure authentication workflow.
- Integrated PostgreSQL database and tested backend APIs using Postman.
- Improved frontend-backend interaction and data handling for web applications.

ACHIEVEMENTS

- Secured **1st Place** in “STACKX 2026” Hackathon organized by the Department of Artificial Intelligence, M. Kumarasamy College of Engineering (Feb 2026).
- Secured **3rd Prize** in a technical quiz organized by Google Developer Student Clubs (GDSC), M. Kumarasamy College of Engineering (Jan 2026).
- Secured **3rd Place** in “Hack Nova” event during GenCraft’25 at M. Kumarasamy College of Engineering (Oct 2025).

CERTIFICATIONS

- Certified System Administrator (CSA) – ServiceNow
- Human Computer Interaction – NPTEL
- Google Generative AI Learning Path – Coursera
- Python Development and Data Science – UdeMy

ADDITIONAL

Languages: English, Tamil

Relevant Coursework: Database Management Systems, Operating Systems, Computer Networks
